

STYLE FOR YOUR LIFE

OUR PHILOSOPHY

The concept of Belldinni is based on many factors, each leading to successful work, with the most important of them being the professional staff.

The company's specialists have knowledge and skills, dedication and aspiration to perfection.

Modern production equipment provides consistently high quality products.

Quality products are the result of well-functioning production system.

The company offers its customers the widest range of designs in door slabs finishes.

Thus Belldinni successfully stated its mission - In each collection we create European quality doors, combining design, environmental friendliness and functionality.

AVON COLLECTION

AVON COLLECTION

The Avon interior door collection brings a classical touch to refined high-tech style.

Straight lines, eco-friendly materials, plenty of modern technologies are combined with the best industry standards.

A gorgeous number of options are provided for choosing the quantity of panels, glazing, and decorative elements.

Stiles and rails doors provide quality, beauty and proven durability. We use linear pieces of lumber assembled into a single structure to ensure the functionality and durability of the slab.

Polypropylene finish gives interior doors a stylish, natural look. PP is an environmentally friendly material, resistant to moisture and temperature fluctuations.

OPTIMA COLLECTION

OPTIMA COLLECTION

Modern design, high standards of craftsmanship, and a color palette selected in line with the newest trends are the advantageous characteristics of the new Optima collection.

Whether you are a builder or a house owner, a well-balanced combination of price and quality is worth your attention.

The doors consist of a pine frame, an eco-friendly solid core material, and a high-density wood fiber mixed in with polyurethane resin and wax to secure high sound and thermal insulation. Such filling provides additional durability, noise reduction, and thermal insulation.

**CITY
COLLECTION**

Palladio 2U
Gray Oak

CITY COLLECTION

Feel the city's pulse and find yourself in the center of urban events without leaving your cozy room. Enjoy our modern City collection's aesthetic forms, smooth surfaces, and monochrome palettes.

It embodies a combination of the best trends in the door industry: extreme simplicity and quality materials. The aluminum moldings on the slabs emphasize the strictness and luxury of the interior doors.

A quality pine frame and a solid core inside form the basis of strong and durable construction.

The doors are professionally coated with an eco-friendly polypropylene finish, a material resistant to moisture and temperature fluctuations.

MODULAR COLLECTION

The Modular collection combines quality materials, a universal shade, and strict geometric shapes, refreshing the interior and corresponding to minimalist fashion trends. The door's simple yet flawless design will harmonize with any room and home decor.

Each part of the doors is primarily coated with a technologically advanced Evo Pro finish and predrilled. Then, all pieces are carefully hand-fitted together with the industry's finest adhesives on all connections.

Veralinga Oak

LOUVER COLLECTION

To create the perfect door for wardrobes, pantries, and other rooms, we used only quality materials and a unique panel design that allows air circulation.

Despite the small cavities that protect the room from mustiness, the slab has good sound and heat insulation thanks to the MDF filler.

**SHAKER
COLLECTION**

Shaker 2 Panel
Bianco Noble

SHAKER COLLECTION

Traditional style and impeccable quality allow the door from the Shaker collection to become an accent element of home design in any room. In addition, the minimalist model can be embellished with elegant hardware.

Stile and rail doors symbolize the best traditions of American craftsmanship. We use linear pieces of lumber assembled into a single structure to ensure the functionality and durability of the slab.

MDF panels provide reliable soundproofing and keep the heat inside the room. Furthermore, the door has good sound insulation, especially with the automatic threshold.

Polar White

NARVIKA COLLECTION

Simplicity and functionality of the Scandinavian style that emerged in the early 20th century in the five Nordic countries of Denmark, Finland, Iceland, Norway, and Sweden is reflected in the simple clean lines of the Narvika collection.

The peculiarity of these doors is a high quality polar white matte finish obtained from the combination of polyurethane primers and lacquers. By applying several layers of lacquer with interim priming and grinding, we achieve the ideal smoothness of the surface.

Additionally, the advanced lacquer finish protects the doors from damage and moisture.

EXTERIOR DOOR COLLECTION

**EXTERIOR DOOR
COLLECTION**

EXTERIOR DOOR COLLECTION

The exterior door collection features energy-saving, weatherproof models with a modern design. Each door is decorated with translucent frosted glass inserts, representing a triple-sealed unit with two chambers: it is tempered on both sides and has silkscreen printing using ceramic inks.

Aura, Zephyr, and Argos have galvanized steel door frames with two thermal breaks, giving the door high thermal insulation properties and keeping your home warm even at very low temperatures.

Quality and durable exterior doors, made of the best materials, are a long-term investment for your property, as they provide security (37 dB) and protection from harsh weather conditions, dust, moisture, and noise.

INVISIBLE FRAME

Create striking lines in your design and implement clean, minimalistic concepts with the Belldinni concealed door frame system. Give your doors an excellent and trendy appearance with a frameless design flush-in-the-wall.

The pre-finished door is made from a solid slab and adapted for various construction projects. The environmentally friendly polypropylene (PP) finish provides a smooth surface and protects the slab from scratches, moisture, and temperature fluctuations. A hollow metal frame ensures the strength and durability needed for commercial usage.
